# The General Institution for the Blind.

BIRMINGHAM

## SIXTY-FIRST ANNUAL REPORT.

**Y**OUR Committee beg to submit to the Governors the Sixty-first Annual Report of the Institution—a record, they venture to think, of great progress in the cause of the Blind of this city and district.

**Numbers Benefited.** The number of blind persons receiving direct benefit from the Institution continues to grow, the past year showing an increase of 23 over any previous year. The following is an analysis of the 727 cases assisted:—

Resident Pupils	...	...	...	176	
Day Pupils	...	...	...	9	
Teachers	...	...	...	13	
Canvassers	...	...	...	4	
Day Workers	...	...	...	91	
Travellers	...	...	...	5	} Trade.
Clerk	...	...	...	1	
Porters	...	...	...	2	
Pianoforte Tuner	...	...	...	1	
Domestic Servants	...	...	...	2	
Middlemore Trust Beneficiaries	...	...	...	28	
Adult Blind	...	...	...	395	
Total				727	

**Health.** The general health of the pupils has been good, but the work of both Schools has been somewhat interfered with by a slight outbreak of Fever, which, happily, has now entirely disappeared. It is a recognised fact that the Blind, as a class, are far from being robust, therefore the care of these afflicted children, numbering in this Institution never less than 150, is no sinecure, and reflects the greatest credit upon the Matrons, the Assistant Matron, and the Medical Staff, who bestow so much time and skill upon their charges.

**Education**      The education and training of the pupils have  
**and**                been carried on very successfully in both schools  
**Training.**        by a well-qualified, able and enthusiastic staff of  
                          officers and teachers, to whom your Committee  
                          tender their warmest thanks.

In consequence of the presence of fever in the Main Institution at the time of the usual annual inspection by H.M. Chief Inspector of Special Schools, Dr. Eichholz, it was not possible for an examination of this school to be made, but your Committee have pleasure in appending the Report referring to the Kindergarten School, which is of a most gratifying character. It is as follows :—

“The school has achieved remarkable success in the educational treatment of young blind children Under the best traditions the children are trained to a spontaneity of action and to a habit of ready response which are very exceptional in Blind Schools.

“The occupations, the talk of the children, their games, songs, and physical exercises, the excellent domestic care, are all worthy of study and imitation by those who are interested in the welfare of the Blind. It is to be hoped that as they are promoted to the Senior Schools every effort will be made to preserve and develop in the children what has been so well founded in the Kindergarten.”

The very pleasing and useful character of the domestic and educational life of the children of this School will be apparent from a perusal of an interesting account of the training of the children while at school, contributed by the Matron, Miss Ferris, and of a syllabus of work prepared by the Head Teacher, Miss Morley (and approved by H.M. Inspector, Dr. Eichholz), which appear as an appendix to this Report.

Valuable additions have been made to the Kindergarten School during the year, by the erection of an Outside Dining Room and a commodious Play Shed, the money to defray the cost of these being raised by ladies interested in the welfare of the little children. For this practical sympathy your Committee offer their warmest thanks.

Your Committee are much pleased with the efficient manner in which the instruction has been given in the Department of Music, under the Head Music Master, Mr. A. R. Gaul, Mus. Bac., and his

assistants. They congratulate Mr. H. E. Platt, the First-Assistant Music Master, on the honour conferred upon him by the Conference Committee by an invitation to contribute a paper on "Music" at the forthcoming International Conference on the Blind to be held in Manchester in July, 1908.

On August 31st, 1907, Frederick W. Priest, F.R.C.O., a former pupil and present teacher of the Institution, gave an Organ Recital in the Town Hall by the kind invitation of the City Organist, Mr. C. W. Perkins, which was much appreciated by those present.

Twenty-nine pupils have left the school  
**Pupils Left.** department during the year ended 31st  
 March, 1908, the cause of leaving in each  
 case being as follows :—

<i>Training completed—employment provided in Institution Workshops.</i> —Ernest V. Howes, Abel M. Hubbard, Robert Lee, George Wolliter, Lizzie Clarke, Alice East, Lilian Kent, Lily Kirby, Arthur Evans, William H. Slater, Daisy Bumford				...	...	11
<i>Training completed—commenced business on own account at home.</i> —Bernard Brindley, Frederick H. Gill, Samuel Walters, Amy Best, Ellen Cotton, Selina Jinks, Emma J. Manning				...	...	7
<i>Sight improved.</i> —Joseph Wild, Susan Stanton				...		2
<i>Temporarily withdrawn on account of ill-health or for other causes.</i> —Albert E. Jones, Ethel M. Carter, Elsie Hemming, Agnes Kelly, Doris M. Beddard						5
<i>Returned with her mother to her home in Australia.</i> —May Westwood				...	...	1
<i>Left of own accord, and against the wishes of the Committee.</i> —Ernest O. Howe				...	...	1
<i>Withdrawn because unsuitable, either on account of incapacity or objectionable habits</i>				...	...	2
Total				...		29.

During the past year, 28 beneficiaries have  
**Middlemore Trust.** been assisted by grants or loans of money, machines, tools, materials, &c., to enable them to secure a good start in life when their training at the Institution was finished. In this way £78 19s. 7d. has been expended.

The sales in the Trade Department reached the record amount of £12,036, being an increase of £1,080 over last year. The wages and augmentation paid to the blind workers in this department amounted to £3,772, made up as follows :—

Wages to workpeople	...	£2,438
Wages to travellers and others		£344
Augmentation of wages	...	£990
		<hr/>
Total	...	£3,772

being an increase of £491 over any previous year in the history of the Institution, and this without any appreciable advance in the wages paid to the sighted. These figures call for no comment—they speak eloquently of the usefulness of the Institution in providing employment for its blind workpeople, who numbered one hundred when the year closed. The whole of the sum for the augmentation of wages, amounting to £1,000, has been provided by the liberality of the sighted workers and principals of the factories in Birmingham and adjacent towns. The small balance of £10 has been used towards the expenses of the Blind Canvassers. Your Committee take the opportunity of tendering their warmest thanks for this generous and sympathetic help. As the present year will show a substantial increase in the number of workers (consequent upon the opening of the new workshops) considerably more money will be required for this purpose, and your Committee appeal very earnestly on behalf of the Blind Workers, that the fund may not only be maintained, but substantially increased. The proposed new workshops referred to in the last Report are now an accomplished fact. Two new shops, each 100 feet by 45 feet, with suitable mess rooms, &c., have been built on the Trustees' freehold land at Harborne, and at the time of writing this Report are nearly ready for occupation. The total cost of the building, the transference and fixing of the old apparatus and machinery, and the purchase of new, will probably be nearly £3,000. The total amount received towards this Building Scheme is as follows :—

Proceeds of Bazaar	...	£848
Donations...	...	£605
		<hr/>
Total	...	£1,453

Full particulars of the Bazaar will be published, and to all those numerous ladies and gentlemen who worked so assiduously and who gave so much time and ability to organising it, your Committee offer their sincere thanks. They also warmly thank those who patronised the Bazaar, or through it gave donations to the Building Fund. Special thanks are also due to Miss Avins and an Anonymous Donor for their generous gifts to the same fund.

The training of the pupils in handicrafts has been carried on under great difficulties owing to the inadequate accommodation provided in the workshops for this purpose. The erection of new shopping at Harborne will largely remedy this defect.

**Home Life of Workers and Pupils.** Your Committee have recently caused an investigation to be made into the conditions under which the Blind Women Outworkers live. In the large majority of cases it was found that the homes or lodgings were satisfactory, but in a few cases it was considered desirable to require an improved condition of the home, or a change of lodgings. The Committee have now made it a standing regulation that before Blind Women Workers engage fresh lodgings, an officer of the Institution shall inspect and approve them. While on the one hand your Committee do not wish to interfere with the liberty of the women, they feel that they ought to do all within their power to assist and protect those who are so deserving of help, yet so defenceless without it. It is pleasing to report that the women themselves welcome the Committee's action in this matter.

**Social Evenings for Blind Workers.** During the winter months your Committee have organised a series of social evenings for the Blind Outworkers, and buns and coffee have been supplied on each occasion. This action of your Committee has been much appreciated by the Blind.

**Entertainments.** The annual and monthly entertainments organised for the purpose of bringing the work before the public, continue to arouse much interest. Many thousands of visitors attend these entertainments, each of which consists of a Gymnastic Display, Concert, Inspection of Workshops, Lantern

Lecture, &c. The very satisfactory increase in the donations to the Institution, and the sale of goods, are evidences of the growing practical sympathy taken by the public of Birmingham in your Committee's work among the Blind.

**Adult Blind Branch.** The work in this department continues to be most encouraging. The total number of blind members was 395. Most of these are aged people, and this is shown by the fact that during the year there were no fewer than 40 deaths, but through the zealous work of the two blind Teachers, Miss Beighton and Mr. Walford, 50 fresh cases have been discovered. It will be seen that this Branch acts as an admirable "feeder" to the schools and workshops, for while most of the new cases are found to be unsuitable for education or employment, there is always a fair percentage who can be benefited in one or other of these ways. The following example, dealt with during the past year, will illustrate this :—

A.B., a young man (aged 30), having a wife and four children, was found in a local workhouse. He pathetically asked the Visitor whether he would have to remain there all his life, earning nothing, and parted from his wife and children. He was taught to read, and your Committee started him in a Tea Agency, and shortly afterwards provided him with suitable employment in their workshops. Within a few months he was able to support himself and his family. He is more grateful than he can express.

The loan of Embossed Books from the Institution's Circulating Library to all who are able to read is much appreciated, and it is difficult to estimate what the condition of the lives of these afflicted people would be, were it not for the books placed at their disposal. One woman, blind and deaf, frequently says to her visiting teacher, Miss Beighton, "What would my life be without these books?" And recently she exclaimed, on receiving a new book, "I do not know whether to read it or eat it!" Another typical instance is recorded by the other teacher, Mr. Walford. He writes :—

"One instance may be given among the many we visit : this is of a man who had received a good education before he lost his sight. He became blind when he was about 60 years old. He soon learnt to read the Embossed Type. He was visited for about ten years, and regularly supplied with books. I shall never forget the last time I called upon him before his

death ; the dying man asked all in the room to kneel down, and then he engaged in prayer for the last time ; he thanked God for the books he had had the pleasure of reading, and prayed that they might be as great a blessing to others as they had been to him, and that God might be with all those engaged in visiting the Blind, and also those who prepared the Holy Scriptures and other books for their use. He passed into Eternity the next day."

In July, 1907, a most successful tea party was held at the Main Institution, and a large number of blind persons and their friends attended, and greatly enjoyed the fare and entertainment provided for them. It is proposed to continue these re-unions annually.

The following Pensions have been bestowed by London Societies on Members of this Branch during the year :—

Hetherington's Charity, 4 Pensions of £10 each.

The Society for Granting Annuities to the Poor Adult Blind, 1 Pension of £6.

For these your Committee are deeply grateful.

**College of Teachers of the Blind.** Your Committee are pleased to state that during the period covered by this Report an important development has taken place, which marks an epoch in the education of the Blind. This is the establishment of a College of Teachers of the Blind, the primary object of which is to raise the tone and character of the education of the Blind, by encouraging teachers to make a close study of all matters pertaining to their special work, and then submit their qualifications to the scrutiny and judgment of an accredited body, so that upon proof of fitness they may receive certificates of competency. Your General Superintendent and Secretary, Mr. Henry Stainsby, has been appointed a member of the Executive Committee of the College, and one of the Examiners.

**Union of Institutions and Societies for the Blind.** A scheme has been devised for dividing England and Wales into a number of sections, each of which shall form a Union of the Institutions, Societies, and Agencies for the Blind located within that section. The Birmingham Institution would come within the Midland Union, which it is proposed should comprise the ten counties of Buckinghamshire, Derbyshire, Herefordshire,

Leicestershire, Northamptonshire, Nottinghamshire, Oxfordshire, Staffordshire, Warwickshire and Worcestershire. The main object of these Unions is "To promote such intercourse among existing agencies and individuals interested in the welfare of the Out-door Blind as may lead to the organization, unification and extension of work on their behalf, and to the formation of Societies in districts where there are none existing, to the end that no blind person may be left uncared for." This object so strongly commends itself to your Committee that they feel bound to give their cordial support to the project, for while they feel that every available means is used to promote the best interests of the Blind in Birmingham and other large centres of population, there are whole districts, indeed whole *counties* where there is not a single agency for the Blind of any description. The Northern Union, comprising the six Northern Counties, has been in existence for some time, and has already done excellent work. The Midland Union should be most useful to the Birmingham Institution in dealing with those blind persons trained within its walls, but who do not belong to the city or district of Birmingham, who require to be assisted in a variety of ways, especially in the matter of employment when such training is finished, as it is obvious that for various reasons your Committee must give the preference to those who belong to Birmingham and its vicinity.

**Exhibition of Work by the Blind.** Miss Smith, of "Holmwood," Weston-super-Mare, organised an Exhibition of Work done by the Blind, and raised £70 for prize money. The Exhibition included specimens from thirty towns in England, and articles were also received from Palestine, Africa, India, and Egypt, all being the work of people totally blind. Pupils and former pupils of this Institution received £11 5s. in prize money, viz.:—F. W. Priest, F.R.C.O., 1st prize for musical composition, £3; Leonard Cope, 1st prize for carpentry, £3; Arthur Evans, prize for hand-made boots, £2; Florence Osman, prize for machine-knitted garments, £2; Thomas Jones, 4th prize for basket work, £1; and four children of the Kindergarten School (Lily Lewis, Jane Smith, Harold Freear, and Charles Walls), a prize of 5s. for bead-work.

**Executive.** Your Committee regret to report the resignation of Miss Brierley, who is about to be married. She has been engaged in active service at this Institution for eleven years, during ten years of which she has held the responsible position of Matron at the Main Institution. Miss Brierley has carried out her onerous duties with a whole-hearted devotion which has given great satisfaction to your Committee, who wish her long life and every happiness.

Miss Agnes Maud Osler, who has held the post of Matron at the Wrexham Hospital, has been appointed Matron.

**Gardner's Trust.** Your Committee again tender their sincere thanks to the Committee of Gardner's Trust for the Blind, London, for much valuable financial help which has greatly contributed to the efficient working of the Institution.

**Obituary.** Your Committee feel that they cannot let the death of Lady Rogers pass without recording their deep regret at the loss the Institution has sustained. Lady Rogers laid the Foundation Stone of the Kindergarten School, and made a touching speech which showed the very deep interest she took in the afflicted children for whom the new school was being erected. On other occasions also her sympathy has been strikingly exemplified. A vote of condolence from the Committee has been conveyed to Sir Hallewell Rogers by the Chairman.

The Institution has lost another active friend through the death of Mr. C. H. Price, of Park Grove, Edgbaston. Mr. and Mrs. Price have for many years been the means of procuring substantial financial help, and the Institution has been benefited to the extent of many hundreds of pounds by their enterprise, energy and generosity. Your Committee deeply sympathise with Mrs. Price in her bereavement.

**Legacies.** The legacies received during the year amount to £1,448 14s. od., including £1,000 from the late Miss Sarah M. Stokes, and £270 from the late Mr. Richard Farmer Todd. For this substantial help, without which the Institution could not be

carried on in its present efficiency, your Committee are deeply grateful.

In addition to the above, a legacy bequeathed by the late Mrs. Ellen Amelia Rigge, of Spalding, to " A School for the Blind " has been secured, and cash and securities to the value of £1,894 9s. 2d. have been handed over to the Trustees by the surviving Executor, Mr. Charles Paice, of the firm of Messrs. Paice and Cross, Clement's Inn, London, E.C. Mr. Paice had sole discretionary power in the selection of a suitable Institution, and your Committee are not only deeply grateful to him, but feel a pardonable pride that his choice should have fallen upon the Kindergarten Branch of the Institution. The legacy will be used towards the Endowment Fund of the Kindergarten School, of which it forms the first instalment.

The Annual Subscriptions to the various funds  
**Finance.** of the Institution amount to £1,149, being an increase (mostly in connection with the Blind Workers' Wage Augmentation Fund) of £104 over last year's total. The ordinary donations from all sources amount to £1,826, being an increase of £353.

While on the one hand the income shows a substantial increase, the expenditure has also advanced, so that taken generally the finances show only a slight improvement. The whole of the available legacies received during the year have had to be used towards the deficiency ; indeed they fall short of the amount required by £133.

Your Committee, while deeply grateful for the generous help given in the past, plead not only for a continuance but an extension of it, so that the cause of the Blind may not suffer. The Institution has made very rapid and satisfactory advancement, especially during recent years, but the kind co-operation of the public is necessary to continue and further develop the work so that the Committee may be able to extend its benefits to every blind person who is entitled to claim its help.

An important feature in the finances of every Institution for the Blind is the total amount of salaries, wages and allowances paid to the Blind associated with the Institution. During the past year, these reached £4,786 in our own Institution, being an increase of £585 over the last or any previous year.

In conclusion your Committee cannot but express their indebtedness to Almighty God for the guidance and help they have always sought and obtained. They hope to be able to pursue the same forward policy in the future, and in doing so feel assured of the same Divine Hand to direct them in all they undertake.

By order of the Committee,

ARTHUR L. LOWE, Chairman.

G. H. CUMING BUTLER, Hon. Sec.

### KINDERGARTEN SCHOOL.

---

#### MATRON'S DESCRIPTION OF HER METHODS OF TRAINING THE CHILDREN.

---

Many of the children admitted here come in a very dirty condition. They are also entirely helpless, unable to feed themselves, wash their hands, put on their socks, or even fasten a button. Only two or three out of the whole number could wash their own faces. It is a work of much time and patience to teach them to put on and fasten their clothes. Some of them get on well, others never get really handy. There is a striking difference between the boys and the girls in this respect, the girls being immensely superior, and this is noticeable with even the smallest children. We have at present only two girls with helpless fingers, while there are at least ten boys. The monitors of the dormitories assist in dressing the helpless ones, and their pride in the progress of their charges is delightful. "Eddie did up *two* buttons this morning," Tom announced at breakfast time, and the news was received with great applause. Those who *can* but *won't* are a problem. There are sometimes two or three too lazy to lace their boots before breakfast; after prayers they sit on the dining room floor and have to work hard at them before they get their breakfast. Those who are already enjoying their bread and milk tell the idlers to "Hurry up, or it will all get eaten!"

At breakfast time I read the newspaper aloud. Most of the children take a keen interest in the doings of the King and Queen, any sort of accident to trains, trams or ships, the weather forecast, wars, football, and fox-hunting. I also give them a judicious selection of Police Court news, adding the moral lesson to be drawn therefrom.

At dinner time, some of the children act as waiters, and take the plates round. There is rarely a spill. When the meal is over, two boys go round, take off the feeders, fold them neatly and put them in

the cupboard. The six boys whose office it is to clear the tables, are divided into sets of two, a "butler" and a "footman" in each set. One set clears after each meal. They take off their coats, roll up their sleeves, and put on aprons. After tea they lay the tables with spoons, plates and basins, ready for breakfast the next morning. Visitors have been much struck by the children's dexterity and neatness in this respect, and really, they hardly ever break anything. If an accident does occur, they always inform me of it themselves—this is a point of honour.

After breakfast and tea, medicines are given in the Dispensary, sore eyes, ears and fingers receiving attention. One of the girls washes and wipes the glasses, bowls, etc., taking pride in the coveted position of "Assistant Matron." The elder children learn to make the beds, but it is uphill work for both teacher and taught. The only part that comes easy to them is shaking up the pillows. The big boys and girls take it in turns to help to put the little ones to bed. There is a keen competition to be allowed to help, and they make themselves very useful. I love to see this cheerful, helpful spirit, and never like to refuse a little job, even the youngest child has his appointed bit of work.

The heaviest punishment seems to be a grave "No, I can't let you help me, I can't *trust you*." On my "tucking-up" round at night, the untrustworthy person generally pops up a tear-stained face and entreats to be forgiven and trusted once more.

At tea time, we read an interesting book. The children have been most interested in "Little Arthur's History of England," "Black Beauty," "The Jungle Book," and a number of Mrs. Ewing's books, the "Peter Rabbit" series, and others too numerous to mention. Just now, we are reading "The World at Home," and when we were in the Arctic Zone, I borrowed a stuffed Seal from Mr. Southall. It was a revelation to these little ones, especially its flippers. Last autumn, Mr. Harrison Barrow lent us a splendid wild Boar, beautifully stuffed and set up, so that the children had a chance to "see" how and where bristles grow. Some of them decided to be Brush-makers on the spot, and to hunt wild Boars in their spare time. In the winter evenings, about a dozen children gather round my fire. Some sprawl on the rug, others sit on hassocks or in little chairs. We play fascinating games—at spelling, arithmetic, and natural history, using shells or bus tickets for counters, and add up who has the most. We sing, recite poetry, and tell each other tales. Dr. Eichholz particularly commended their story-telling capacity, both this year and last.

A very important event happens every Wednesday. The "Shop" is opened after dinner, and the children bring their coppers and purchase biscuits, chocolate, peppermints, and other delights. Two shopmen assist me—one fetches the purchasers, six at a time, and one puts on the weights. Some of the elder ones get to know the weights quite nicely, and they all get some knowledge of the purchasing powers of various coins. Every few weeks they choose what fresh kinds of biscuits, &c., they would like, and there is quite an excitement when a fresh tin is opened.

In the Summer the children help me in the garden, go with me to gather flowers, and learn to tell them apart. They know a lot about the differences between lumps of earth and stones, and love to dig and water. Now they have their own gardens they like gardening better still. We also go little expeditions on half-holidays. Last month I

took eight middle-sized children to the Botanical Gardens. The people are very kind, and let us go in for nothing. We feel the plants and palms, and the different sizes of the pots. One little boy loudly announced his discovery that "fur" grew on palms, and the passers-by were much amused. We go through the Alpine Garden, and feel how the plants grow out of holes in the rocks. We also provide ourselves with one pebble each, and hear it splash in the pool. We join hands round the big trees, to see how "fat" they are. Coming back we ride on the top of the 'bus, as close to the driver as possible. Then we can hold the whip and help to drive, ask the names, ages and colours of the horses, enquire if they have any children, and if so their names, &c. We have been to the market several times, and to the Central Fire Station—also to the Reservoir. When the weather is warm a few of the elder children have cold baths and a run before breakfast. Before January was out they enquired if the weather would "do" yet. \*One treat I long to give them is an afternoon in a hayfield. They have never had this yet. The hay round about us is hardly cut when we go for our holidays. Mrs. Keay kindly invited us to her field once, but the weather disappointed us. Another thing the children love is for people to come up and sing to them. If they can sing to their visitors as well, they enjoy it more still. I think they have a happy time.

(Signed) ELIZABETH FERRIS,

*Matron.*

\* Since the foregoing was written the children have had the long desired treat in Mrs. Keay's hayfield.

## SYLLABUS OF SCHOOL WORK.

PREPARED BY THE HEAD TEACHER, MISS E. E. MORLEY.

### NUMBER.

*Lowest Class - Children aged 5 to 8.*

## GENERAL LAWS.

I. That the designation of this Establishment shall be  
 “THE GENERAL INSTITUTION FOR THE BLIND.”

II. That the object of the Institution shall be the instruction and employment of the blind of both sexes, some as boarders, others as day pupils: the instruction to include the daily reading of the Holy Scriptures, and all the employment to be of a useful character; and also the relief and assistance of the necessitous blind.

III. That the Institution shall be supported by Donations and Annual Subscriptions; by payments in behalf of the blind; and the profits arising from their industry.

IV. That the management of the Institution shall be entrusted to a Committee of not less than twelve Governors, together with the Chaplain (who shall be a clergyman of the Church of England), the Trustees, the Treasurer, and the Hon. Secretary, who shall be ex-officio members.

V. That all Annual Subscribers of one guinea and upwards, and all Donors of ten guineas and upwards shall be Governors.

VI. That there shall be an Annual General Meeting of the Governors on such day as the Committee may appoint, to be convened by advertisement at least fourteen days previously, for the purpose of receiving the report of the Committee, passing the accounts, appointing the Officers and Committee for the ensuing year, and for transacting the general business of the Institution.

VII. That at such Annual General Meeting, Subscribers of one guinea a year, and Donors of ten guineas, shall be

entitled to one vote, and every additional contribution of equal amount shall entitle to an additional vote. No Governor whose subscription is in arrear shall be entitled to vote.

VIII. That the Committee shall meet once in every month, or oftener if necessary, and that three shall form a quorum.

IX. That the Committee shall have power to appoint Trustees; to make, alter, or repeal bye-laws, rules, and regulations for the admission, employment, and removal of the pupils; appoint and remove all teachers and servants, and pay such salaries, wages, and allowances as they shall think reasonable; they shall also have power to appoint any of the Governors to be Visitors of the Institution, and shall also have the management and application of the property, funds, yearly and other income.

X. That no purchase of land or premises, or any material alterations or additions be made to any building (beyond necessary repairs) without the sanction of the next Annual or a Special General Meeting of the Governors, to be convened for that purpose.

XI. That the moneys of the Institution may be invested in any investment for the time being authorised or sanctioned by the Court of Chancery or any Act of Parliament as an investment for trust moneys, or in the Debentures of any Company in England, incorporated by Act of Parliament, and paying a Dividend, or upon the Security of any County, Borough, or other Rates, authorised to be levied and mortgaged by any Act of Parliament, or in the Purchase or on Mortgage of Real Estate.

XII. That the Committee shall be empowered to call General Meetings of the Governors for Special Purposes (when and as often as they shall think necessary), and shall also

be required to do so at any time on the request, in writing, of any ten Governors, stating the specific purpose of the said proposed Meeting; and ten days' notice, at least, of such Special General Meeting, and of the special object intended, shall be given, by public advertisement, in one or more of the Birmingham newspapers.

XIII. That there shall be family worship, including the reading of some portion of Holy Scripture, morning and evening, daily, in the Institution, at which all the boarders shall be required to be present. The prayers and portions of Holy Scripture to be read shall be appointed by the Chaplain, to whom the general regulation of the religious instruction of the pupils shall be confided.

XIV. That on the Lord's Day the pupils shall attend Public Worship of the Church of England twice, under the care of the Superintendent; but if any are Dissenters, they may on proper application to the Committee, be permitted to attend their respective places of worship, provided that they are under the charge of some person appointed by their parents or guardians, with the approbation of the Committee.

XV. That any sick inmate, being a Dissenter, may, at his or her request, be visited by a Minister of his or her own denomination.

XVI. That no alteration of these laws shall be made at any Annual or Special General Meeting without the approbation of a majority, consisting of at least two-thirds of the Governors then present; nor without notice of the intention to propose such alterations having been given to the Committee one month previously, and that it shall be announced by them in the advertisement calling such Annual or Special Meeting.

# INFORMATION RESPECTING ADMISSION OF PUPILS INTO THE INSTITUTION.

## COMPULSORY EDUCATION OF THE BLIND.

Since the passing of the Elementary Education (Blind and Deaf Children) Act, 1893, all blind children between the ages of five and sixteen must attend a certified School for the Blind.

## APPLICATION FOR ADMISSION.

Persons desiring a "Form of Application" should write to the Secretary. (A fac-simile of the "Form" will be found on pages 50 to 54 of this Report). When the "Form" is filled up it should be returned to the Secretary.

## ELECTION OF PUPILS.

All Pupils are elected by the Committee.

## QUALIFICATIONS.

Applicants are eligible for admission until twenty-one years of age, but preference is given to those under sixteen. They must either be totally blind, or not possessed of sufficient sight to be able to read the ordinary School books used by sighted children. They must also be free from bodily and mental defects which would prevent them receiving instruction, or from following some useful occupation.

## PROFESSIONS AND TRADES.

Music (theoretical, instrumental and vocal), Pianoforte Tuning, Shorthand and Typewriting, Basket making, Brush Making, Mat Making, Chair Seating, Machine and Hand Knitting, Boot Mending, Weaving and Telephony.

## HOLIDAYS.

There are holidays twice during the year, when all pupils are required to return to their homes, *viz*:—five weeks at Midsummer, and four weeks at Christmas.

The travelling expenses must in all cases be borne by those who are responsible for the payments.

By a concession of the Railway Companies, all blind pupils leaving Institutions for their Midsummer or Christmas Holidays, and returning at the close of the vacations, are allowed to travel the double journey for single fare.

## CHARGES.

A uniform charge of £6 11s. 3d. per quarter is made.

This payment *includes* board, lodging, education, and clothing, after the first outfit, but is exclusive of travelling expenses.

All payments must be made in advance.

In case the parents are too poor to make the necessary payments for their child's education, application should be made to the Secretary of the School Authority for the district in which the child resides. The School Authority is bound to take steps to educate the child by sending it to a Certified School until it reaches the age of sixteen. If the circumstances of the parents permit, the School Authority may demand from them a contribution towards the cost of their child's education. The Education Authorities have permissive powers to educate the Blind after the age of sixteen, under Part II. of the Education Act, 1902. The Guardians of the Poor have powers also to make the payments, *after* the age of sixteen.

---

N.B.--Although payments are made to the Institution towards the maintenance and education of the Blind, it must be clearly understood that *these are by no means sufficient for the purpose*, the remainder requiring to be supplied by the benefactions of the Charitable.

NOTE.—It is regrettable that ophthalmia at birth should be the cause of blindness in 30·9 % of the cases in the Institution, and the fact that it was accountable for 29·3 % of those of the previous year shows that there is no diminution in the frequency of this preventable disease, and attention is again directed to the Article on pages 56 and 57 of this Report.

JOHN JAMESON EVANS,

*Ophthalmic Surgeon to the Institution.*

## PREVENTION OF BLINDNESS.

---

### ADVICE TO MOTHERS AND NURSES.

---

It cannot be too widely made known that many persons are blinded every year by diseases which are preventable and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Nearly one-third\* of the present Inmates of this Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger*. Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way :—

Place the baby on its back, with a cloth under its head ; separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

\* In 1908 the percentage was 30·9 %

matter out from underneath them, and do not be content till you have got it all away. Repeat this in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

*Caution.*—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

---

In Maternity Hospitals and similar Institutions for the help of Women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.

PRIESTLEY SMITH,

*Ophthalmic Surgeon to the Institution.*
